

Number Sequences

Put the numbers into the correct order and jump along calling them out.

QR code

Description

Decide what the number sequence is and put the cards into the correct order attaching each one to a cone. Jump along calling out the numbers – can you go backwards?

Curriculum links

- * Count in 2's, 5's and 10's from any given number. (MD)
- * Become proficient at the basic actions of travelling. (PD)
