

Story book Venn Diagrams

3 Little Pigs

Red Riding Hood

Sort words from two stories into a Venn Diagram.

QR code

Description

Example – Three Little Pigs and Little Red Riding Hood.

Travel to collect a word. Decide which word the story is from and place into the correct place on the Venn Diagram. Is it in both stories i.e. wolf?

Teaching Points

- Ensure you have vocabulary which is unique to each of the stories and words which are the same in both. Add words which are in neither of the stories – where would they be placed on a Venn Diagram?
- Encourage different ways of travelling – children to decide on their own ways.

Curriculum links

* Identify information from a text and sort into categories. (LLC)

* Become proficient at the basic actions of travelling. (MD)

Equipment

Hoops to make a Venn Diagram.
